Artistic Railings Inc. of Garfield, NJ Wins Awards in International Metalcraft Competition

MCDONOUGH, GA — Artistic Railings Inc. of 500 River Dr., Garfield has won an award(s) for outstanding craftsmanship in an international competition sponsored by the National Ornamental & Miscellaneous Metals Association (NOMMA). The event was open to nearly 1,000 member firms throughout the U.S. and in 12 foreign countries.

Artistic Railings Inc. received the following award(s):

GOLD- Interior Railings - Nonferrous

GOLD- Exterior Railings & fences

The presentation was made at a special banquet in Memphis, TN, April 4, during NOMMA's 50th anniversary convention. The Ernest Wiemann Top Job Awards Competition is an annual contest that recognizes outstanding work in the ornamental and miscellaneous metals industry.

To win an award, entrants must submit photos and a description of their work. This material is then publicly displayed in a gallery where NOMMA member firms then vote. Winning a Top Job award has special meaning, since it represents a "voice of approval" from industry peers.

The firm's Tom Zuzik also received the Frank A. Kozik Award for Outstanding Volunteerism. To reach the company, call 973-772-8540.
